Docket Supervisor
AZ Dept. of Water Resources, Legal Division
3550 N. Central Ave, Second Floor
Phoenix, AZ 85012

Dear Supervisor,

As a co-owner of parcel 124-26-009 on Red Chili Road in Benson AZ, I strongly object to any possibility of the state issuing a document of adequate water supply for the proposed Sierra Vista Tribute development. My experience with this land over more than 15 years tells me that there is not adequate water to both protect the San Pedro River, the Southwest's last free-flowing desert river, and build the proposed Sierra Vista development. Please honor the U.S. Bureau of Land Management request to deny this permit and protect the San Pedro and its ecosystems.

Thank you for your attention. I would appreciate being kept aware of future developments at this address or by email at cskestler@ cox.net.

Sincerely,

Carol S. Kestler
