To: Docket Supervisor, AZ Department of Water Resources

I and my wife object to designating that an adequate water supply exists for the TRIBUTE Development in Sierra Vista.

We fear that the further depletion of ground water caused by this development plus continuing drought conditions will cause the closure or partial closure of Ft. Huachuca. We also concerned about the impact of the TRIBUTE Development on the ability of our water company to keep up with a falling water table. We are also concerned about what this might do to the cost of our water supply.

We have lived at the following address for the last 32 years:

5036 S. San Carlos Avenue, Sierra Vista, AZ 85650

(520) 378-6291

Respectfully,

Glenn & Maudie Bailey
